SUBJECT: European Chemicals Agency (ECHA) candidate list of Substances of Very High Concern (SVHC) as updated 01/15/2018

In regards to the EU's REACH directive and the ECHA candidate list of Substances of Very High Concern (SVHC's) amended on January 15, 2018 (list of original and amended additions attached).

Atlas Wire Corporation has reviewed chemical breakdown reports and certifications from our suppliers to confirm that none of the SVHC's are intentionally added to our raw materials. Atlas Wire Corporation confirms that we do not intentionally add any of the SVHC's to our products. Additionally, to the best of our knowledge, our products do not contain any of the substances of very high concern above the 0.1% threshold by weight.

If you have any questions, or require further information, please contact me at your convenience.

Sincerely,

Bruce Leska  
President
